An Invitation for Recommendations / Applications: Global China Academy Fellowships

The Global China Academy is seeking to broaden its company of Fellows.
Would you be interested in becoming a Fellow of the GCA?

On this website, you will find information about the various types of Fellowships, including the benefits and responsibilities that come with being a Fellow. Additionally, you'll find a 'Guidance for Nomination' that will assist you in determining if you meet the criteria for becoming a Fellow and guide you through the nomination process. For more information, visit <https://globalchinaacademy.org/gca-fellowship>.

Please note that potential Fellows must be nominated by current Fellows. You can find a list of current Fellows on our website at <https://globalchinaacademy.org/fellows>.

We encourage you to reach out to any of our Fellows, whether you are personally acquainted with them or not, to seek a nomination.

We are excited about the prospect of welcoming you as a Fellow of the Global China Academy.
