**House Style Guide:** In addition to following APA 7th edition rules, GCP has developed its own style guidelines to support dual language publishing in English and Chinese. These can be found in [GCP's House Style Guide](#), which gives practical instructions for authors.

**Submission:** This is a Call for Book Proposals and Manuscripts in English or Chinese. Please submit your work and any supporting materials for consideration. To learn how to submit a book, visit our [submission](#) page and click 'Learn more' under [Book Submission](#).

**Dual language:** GCP publishes social scientific and humanities academic and popular books bilingually. Some books have both English and Chinese editions, and other books have only an English or a Chinese edition. GCP provides English and Chinese dual language information in all journals and books. In the case of an English book, the Chinese part of the dual language information is designed to assist Chinese readers. Similarly, two of the journals are in Chinese, and the English part of the dual language information includes material to help non-Chinese speakers appreciate the endeavours in this field outside the English-speaking world.
