Founded in 2014, [Global Century Press](http://www.globalcenturypress.com) (GCP), is the publishing arm of the [Global China Academy](http://www.globalchinaacademy.com) in the UK. It focuses on China studies in the social sciences and humanities, with an emphasis on global and comparative perspectives. GCP is the first publisher dedicated to bilingual publishing in English and Chinese. Its publications include academic journals, monographs, conference proceedings, textbooks, and reference books, available in print, digital, audio, video, and mobile formats. GCP is a member of The Association of Learned and Professional Society Publishers (ALPSP) and Crossref, and assigns DOIs to all its publications to ensure global discoverability, citability, and long-term preservation.

Dual language: GCP publishes social scientific and humanities academic and popular books bilingually. Some books have both English and Chinese editions, and other books have only an English or a Chinese edition. GCP provides English and Chinese dual language information in all journals and books. In the case of an English book, the Chinese part of the dual language information is designed to assist Chinese readers. Similarly, two of the journals are in Chinese, and the English part of the dual language information includes material to help non-Chinese speakers appreciate the endeavours in this field outside the English-speaking world.
