## How the Donorbox Donation form Works

This donation form is powered by Donorbox, a commonly used tool for charities and non-profit organisations. It is designed to support both PayPal and credit/debit card payments via Stripe. The credit/debit card option has been disabled. The process of PayPal is as follows.

The figure displays two sequential screenshots of the Donorbox donation form. Both screenshots have a blue header with the text 'Choose amount' and a lock icon, three progress indicators (one filled, two empty), and a right-pointing arrow. The left screenshot shows three buttons for £25, £50, and £100, followed by a text input field labeled '£ Custom Amount'. Below this is an unchecked checkbox labeled 'Write us a comment' and a large blue 'Next →' button. The right screenshot shows the same three buttons, but the '£ 2' button is highlighted in light blue. Below the buttons is a checked checkbox labeled 'Write us a comment' and a text input field labeled 'Your comment'. A large blue 'Next →' button is at the bottom. Both screenshots have a 'Powered by Donorbox' link at the bottom.

**Figure 1** Donor selects an amount (minimum £2) and may choose to leave a message.
